

# **Technology Librarian Trainee Wanted**

## **The Port Washington Public Library seeks a Technology Librarian Trainee**

All candidates should have a love of technology and excellent customer service skills. Preferred candidates have an interest in Maker technologies and an enthusiasm for sharing technology with the public. The role will include library service point coverage, assisting with planning and running technology programs, assisting with selection and implementation of new Makerspace and Library of Things offerings, and supporting library and patron technology.

**Position is full-time flexible**

**Must be currently enrolled in an MLIS program**

**Shifts include one night a week + weekend shifts by rotation**

**Salary is \$54,230**
